[Inter-Xect]TM
www.Inter-Xect.com

InterXect is an Intelligent Search Engine operating on the Data Provided by Users & Enterprises the world over . The Search Engine Helps in Point to Point Enterprise to Enterprise & Enterprise to People Engagements .

[Enterprise Focus]TM
[Enterprise Nervous System - Manage Your Enterprise & the World]

Enterprise FocusTM is an Enterprise Nervous system that fits into any Industrial Enterprise belonging to any Domain. As a nervous system would do , It helps in the effective governance of an Enterprise. It Helps in day to day Advanced Programmed Management of the Enterprise - with foundational principles of Collaborative effort and Collective responsibility.

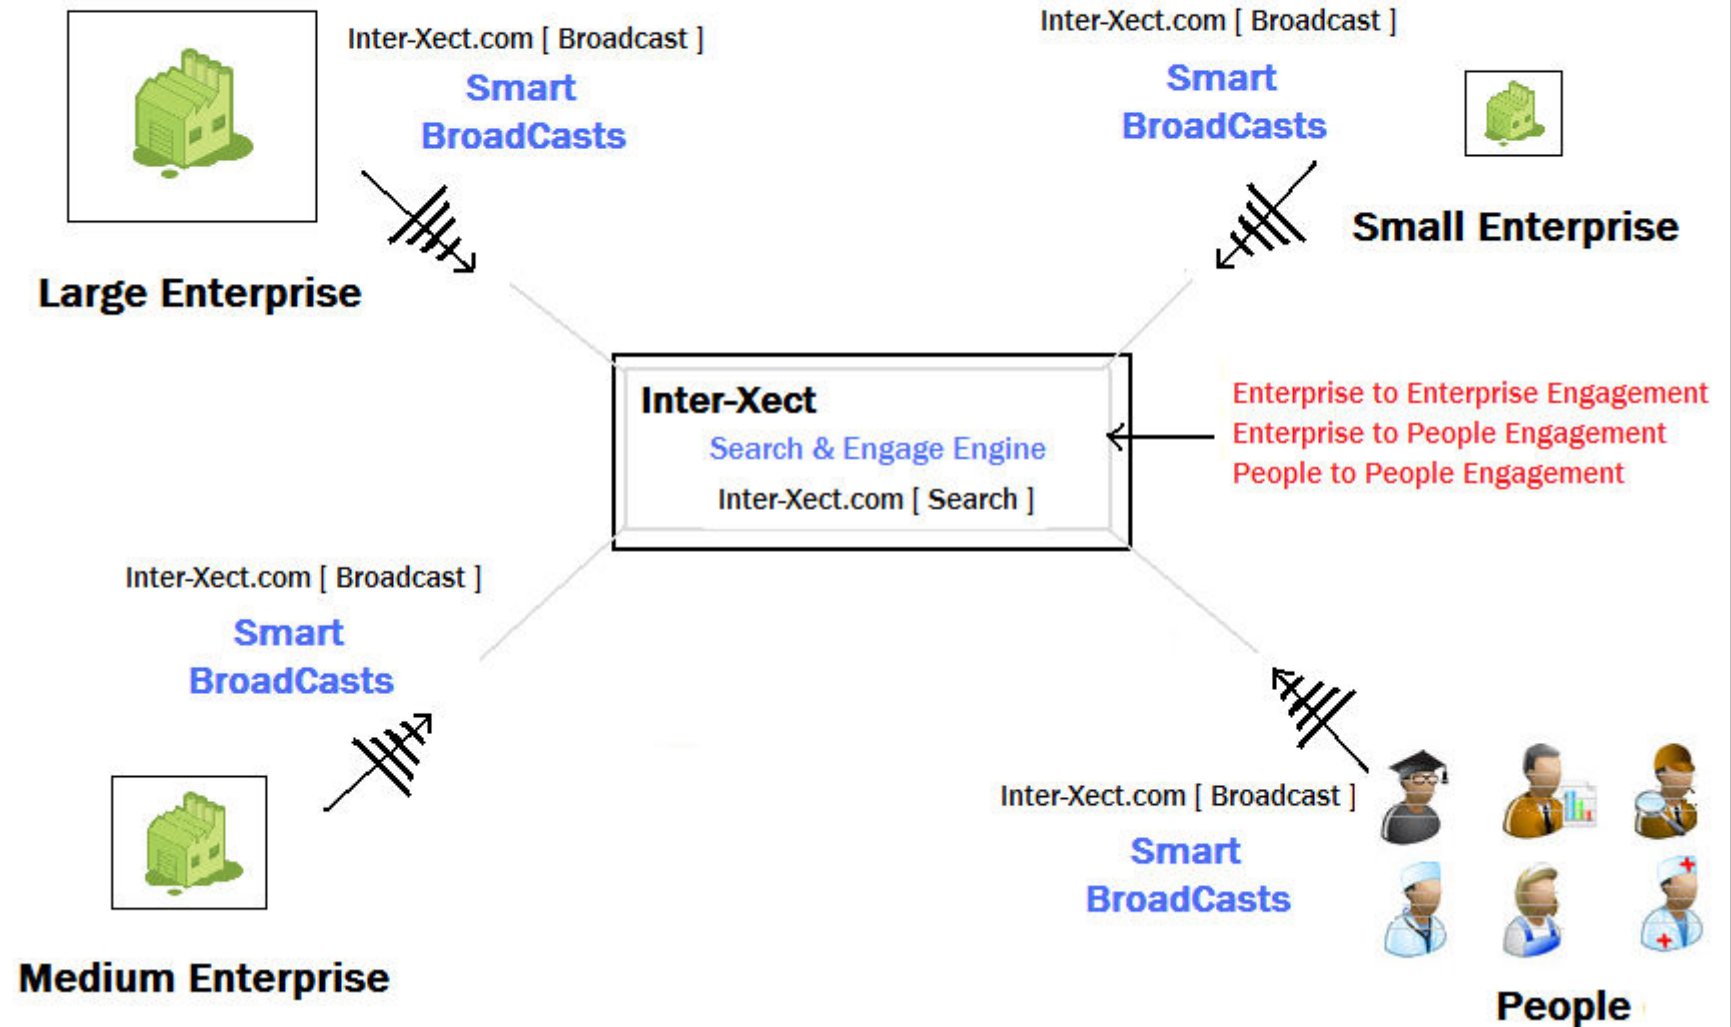

[ENForce]TM

ENForceTM is "World Scale" Engineered Data to enable precise and effective maneuvering of Enterprise Systems as well as the World Ecosystem . The Smart Data is available in an array of Flavours and Contexts enabling precision Analytics and Future Focus .

Application 1

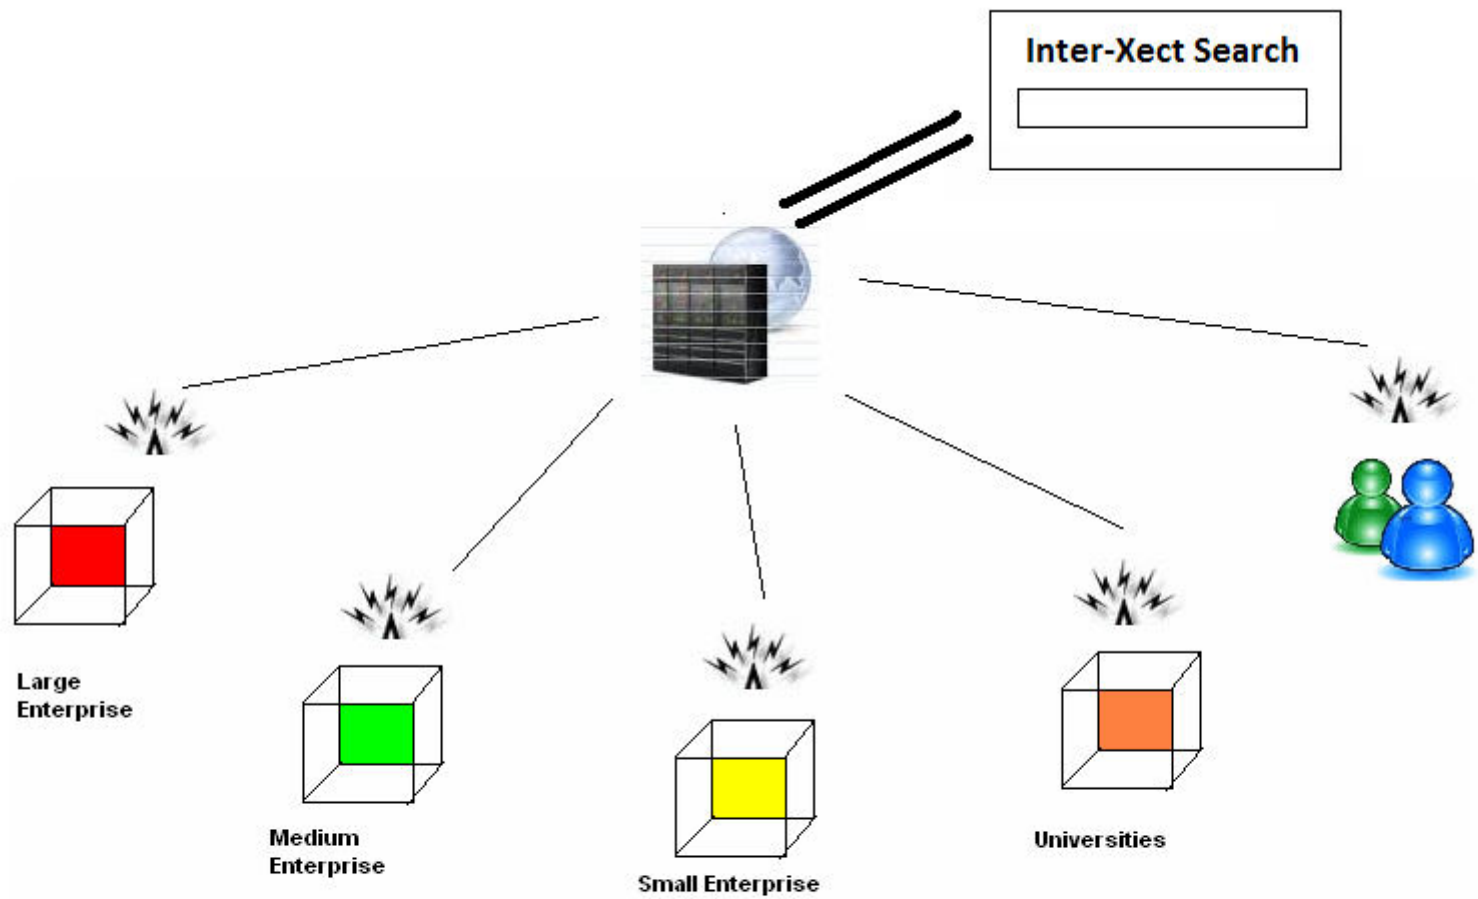

- World Search & Engage
